

# Teacher Survey Highlights Junior Achievement of New York

After the JA New York Volunteer Class Visit:

- 94% Agree or Strongly Agree that JA helped their students to better understand financial literacy, workforce readiness, and/or entrepreneurial skills.
- 76% Agree or Strongly Agree that JA provided content that would not be covered in their classes otherwise.
- 97% Agree or Strongly Agree that their students benefited from the JA experience.
- 96% Agree or Strongly Agree that they would be interested in having JA volunteers work with their students again.

What our teachers have to say:

- ❖ **This program is a wonderful way for our students to gain “Real World” application to the subjects they are learning in class.**  
–Middle school teacher, Brooklyn
- ❖ **This is a wonderful program for the students because they get to see their peers at work, participate in hands-on activities, and extend the curriculum in a fun way!**  
–Elementary school teacher, Long Island
- ❖ **The JAs really made college (& career) relevant to my 10th graders. They hear about the importance of college, but to make it relevant and meaningful from someone outside the school is always a plus!**  
–High school teacher, Manhattan
- ❖ **The students who presented were highly motivated and attentive. Their delivery was phenomenal and students left with a great understanding of the content. I can't say it enough; this program is awesome!**  
–Elementary school teacher, Brooklyn
